COUNCIL SETS TAX RATE FOR BONNEAUVILLE

Bonneauville borough council Tuesday evening adopted ordinances calling for a tax rate of nine mills and \$5 per capita, the same rate as prevailed in Mt. Pleasant Twp. last year. The borough was separated from the township in January.

Meeting at the Bonneauville firemen's hall, the council postponed to next month any action on its budget and at the same time voted to take a census of the population of the borough to permit it to work out with Mt. Pleasant Twp. such items as the portion of county aid the borough should receive from the sum allocated to the township, plus any prorata share of taxes which may be due the borough.

The council will name a census taker and will ask the township to name one. It is hoped that the census can be completed within two weeks to permit finalizing the budget to be presented to the council at next month's meeting. Present indications are that the borough has 372 taxpayers, council noted, "but the census will tell us exactly what we have."

NO POLICEMAN NOW

Donald Hill, Gettysburg, of the state Department of Health, outlined state health requirements and told council it could either set up its own health department or ask the state to enforce the health and sanitation rules. Council voted to have the state Department of Health serve as the town's board of health and decided to hold a meeting within a month for the entire community at which Hill will be asked to outline to town residents health and sanitation regulations.

Council voted "not to hire a policeman at this time," deciding that between the borough constable and state police sufficient police force is available.

Woman Is Injured In \$2,000 Collision

Mrs. Eva Stock Epley, 63, 115 Chambersburg St., suffered brush burns of the entire body when her car and another vehicle collided eighth-tenths of a mile south of here on the Littlestown Rd. at 11:35 o'clock Tuesday night. She was removed from the scene to the Warner Hospital in the local firemen's ambulance.

State police said William A. Maust, 27, 636 York St., was driving south and was in the act of passing another southbound car when Mrs. Epley backed out of a private drive into the highway. Damage to Mrs. Epley's sedan, which was struck on the left rear, was estimated at \$1,200. Damage to Maust's vehicle which had its left front demolished, was estimated at \$800.

PRIEST'S LIFE VERY EXACTING SAYS FR. KEALY

Rev. Fr. Joseph P. Kealy, pastor of St. Francis Xavier Catholic Church, spoke on the preparations for the Catholic priesthood at a meeting of the Exchange Club in the Lamp Post Tea Room Tuesday evening.

Rev. Fr. Kealy said in part as follows:

"Every high priest is chosen from among men and appointed to serve men in what concerns the worship of God. He is to offer gifts and sacrifices in expiation of sins. He knows how to deal gently and bear with the uneducated and wayward, since he too is enveloped with weakness. For this very reason he is bound to offer sacrifices in expiation of his own sins as well as of those of the people. Moreover a man does not arrogate to himself this dignity but is called to it like Aaron. Similarly Christ did not seek for Himself the glory of becoming the high priest."

Rev. Fr. Kealy spoke on the required preparations for the Catholic priesthood. Quoting a passage from Hebrew 5: "For every high priest taken from among men is appointed for men in the things pertaining to God, that he may offer gifts and sacrifices for sins." Father Kealy commented: "The words speak of the august dignity of the calling. A dignity which one does not take lightly."

SAME IN 20TH CENTURY

"This was the attitude of the church in the days of the apostles and that attitude has not changed in this 20th Century. In the early days of the church a young man was trained for the priesthood by an apostle and later by a bishop and, after he had displayed a sufficient amount of comprehension and piety, he was ordained a priest."

"In fact many bishops formed their own seminaries and lived a religious community life with the young men who were candidates for the priesthood. One rather famous bishop of the fifth century was one of the pioneers in the establishment of schools for the priesthood, St. Augustine. In fact many of the famous universities of Europe had their beginning in the priesthood."

Stock Exchange Chairman Indicted For Tax Evasion

NEW YORK (AP)—J. Truman Bidwell has resigned the powerful post of chairman of the Board of Governors of the New York Stock Exchange following a federal grand jury indictment charging him with evading \$55,908 in income taxes.

He claimed persecution from "high places in Washington," and said "neither the investing public nor the stock exchange is involved."

The government, too, took pains to emphasize that the indictment dealt with Bidwell's personal taxes and had nothing to do with his activities at the exchange. Nevertheless, the indictment added fire to the persistent rumors of a widespread tax investigation in the securities field.

THREE-YEAR PROBE

The Internal Revenue Service began its tax investigation of Bidwell more than three years ago. Last year, the Securities and Exchange Commission turned an investigative eye on Wall Street that resulted in a shakeup at the American Stock Exchange.

The SEC probe was based on charges of abuse of trading rules and tight domination of the American Exchange. It resulted last month in the resignations of President Edward T. McCormick and Board Chairman Joseph Reilly.

FACES PRISON TERM

The two-count indictment handed up against Bidwell, 58, Tuesday, accused him of concealing capital gains, and faking expenses for travel, charitable contributions and entertainment.

SOROPTIMIST CLUB TO HELP LIBRARY UNIT

This year's membership drive for the Friends of the Adams County Free Library will be conducted by the Soroptimist Club of Gettysburg, the Soroptimists decided at their meeting Tuesday evening in the Adams Electric Cooperative building.

Dr. Elizabeth Gregg, president, announced that plans are being made to mail approximately 1,200 letters to former Friends of the Library and to others soliciting their help when the drive begins within the next few weeks.

Twenty-two members were present at the meeting. Miss Breda Walker, chairman of the international good will and understanding committee, announced that an international auction and bazaar will be held at the April business meeting with each member bringing at least one gift. The proceeds will be donated to one of the agencies of the United Nations such as UNICEF. Her committee also hopes to organize a trip to Washington, D. C., for members this spring.

On March 13 the Soroptimist Club of Carlisle will meet with the Gettysburg club for dinner at the American Legion home. The Carlisle club will furnish the program. The Gettysburg club will return the visit to Carlisle for a similar dinner on April 3.

The club will also hold a rummage sale May 4 and 5. Members voted to participate in the forthcoming "Table Fashion Tea" being sponsored by the women of the Prince of Peace Episcopal Church.

Hostesses for the social hour which followed the business meeting were Mrs. Alice Lower, Mrs. Kenneth Dick, Mrs. Donald E. Myers and Mrs. Curtis Flohr.

METHODISTS TO BE BRIEFED ON 'PEACE RACE'

On Friday evening at 7:30 o'clock representatives from 17 Methodist churches in the Gettysburg area will meet at the Methodist Church here for a briefing on the "Race for Peace" program now underway within the denomination.

The General Board of Christian Social Concerns of the Methodist Church has launched a peace education-action program throughout the country in 1962. Using President Kennedy's statement to the United Nations last September that we need a "peace race" instead of an "arms race," Methodists are being challenged to become informed and inspired sufficiently to act in behalf of such a "Race for Peace."

As the movement has gained momentum in Methodism, area meetings have been held to inform local church pastors, Commission on Christian Social Concerns chairmen and Women's Society of Christian Service representatives of methods to use in implementing the program on the

Crippled Children's Society Opens Treatment Center Here

The Adams County Crippled Children's Society announced today the opening on Friday afternoon of a free treatment center for crippled youngsters of the county in the physical therapy department at the Warner Hospital.

The center will be open Friday afternoons and Tuesday mornings to youngsters under the care of the crippled children's society. Treatments there during those hours will be free to the handicapped kiddies.

Jerome Wandel, physical therapist at the Warner Hospital, will be in charge of the treatment center which is fully equipped to give all kinds of special therapy treatments. Exercise programs, whirl pool baths, infrared treatments and ultrasonic therapy are some of the types of treatment the center is prepared to give.

HOME THERAPY POSSIBLE

Eight or ten youngsters from Adams County who have been going to a Waynesboro physical therapy center are being listed for appointments at the Warner

Hospital center and every effort is being made through the Elizabethtown Crippled Children's Hospital, the state nurses, physicians and others to locate other county children who can benefit by treatments at the new center.

The crippled children's society has made arrangements for Mr. Wandel to go into homes of children who are unable to go to the center for treatments.

Hours tentatively set for operation of the center are 1 to 5 Friday afternoons and 8 to 12 Tuesday mornings. The first kiddies will be treated there on Friday afternoon but a full schedule probably will not be attained until next week, Mr. Wandel said, because of time required to get records from Waynesboro and notify the youngsters of the new center's schedule.

The Rev. Amos D. Meyers, president of the county crippled children's society, has appointed Mrs. Franklin R. Bigham as co-ordinator between the society and the treatment center and she has been assigned a committee of assistants.

MARK ANNIVERSARY

Mr. and Mrs. Oscar T. Cullison, 37 Breckenridge St., celebrated their 25th wedding anniversary at a family party Tuesday evening at the home of their son, Charles. They were married February 27, 1937, by Rev. H. C. Goriso, Westminster, Md.

APPROVED AS JP

The State Senate Tuesday unanimously approved the appointment of L. Fred Klosterman, Gettysburg, as justice of the peace.

County's Streams Swollen By Rain

Many county streams were over their banks again Tuesday night as the showers continued, accompanied by fog.

Since last Friday, more than 2½ inches of rain have fallen here and streams were swollen over the weekend by melting snow.

The showers and fog have brought the mildest weather of the month. The 24-hour period ending at 8:30 o'clock this morning was the first in February in which no freezing temperatures were recorded.

More of the same kind of weather is forecast for Thursday.

WM. F. NOEL DIES TUESDAY

William F. Noel, 61, Biglerville R. 2, died at his home, Biglerville R. 2, Tuesday night at 10 o'clock from arterial sclerotic heart disease after having been in ill health for a number of years.

He was a son of the late William and Annie (Keller) Noel and was born in Adams County. He had been employed for more than 20 years at the Biglerville plant of the C. H. Musselman Company and for the last six years had worked for Duffy-Mott at Aspers.

He was a member of the Biglerville Lutheran Church and of the Men's Bible Class of the church. Surviving are his widow, the former Irene Herman; a daughter, Mrs. Richard Willman, Biglerville R. 2; four grandchildren; four sisters and a brother, Mrs. Minerva Funt, Biglerville R. 1; Mrs. Alta Goodyear, Quenton, Pa.; Mrs. William Dillman Sr., Gettysburg; Mrs. Elsie Kuhn, Biglerville, and Harry Noel, Biglerville. There are also two half brothers and a half sister, Jacob Noel, Buffalo, N.Y.; Samuel Noel, Biglerville R. 2, and Miss Mae Noel, Gettysburg.

Funeral services Friday afternoon at 2 o'clock at the Dugan Funeral Home in Bendersville with his pastor, Rev. Dr. Henry W. Sternat, officiating. Interment in the Biglerville Cemetery. Friends may call at the funeral home Thursday evening after 7 o'clock.

Local Trucker Is Charged In Crash

Nevin E. Warner, 36, Gettysburg R. 1, was charged with reckless driving and operating under the influence Saturday about 3:45 p.m. after his tractor trailer ran off the right shoulder of the road and across Md. 194, near Keymar, Md., striking the corner of the home of Ralph Norman Haifleigh.

Trooper R. W. Ellis, Westminster Barracks, Maryland State Police, stated that the left side of the lower floor of the two story frame house was destroyed and furniture in the living room demolished.

He estimated damage to the home and its contents at about \$3,000 and \$500 damage to the truck. Ellis said that Mr. and Mrs. Haifleigh were in their kitchen at the time of the accident and were not injured.

A hearing will be held Monday, March 19 before Westminster Trial Magistrate G. Norman Hunter.

BIRTH ANNOUNCEMENTS

At Warner Hospital
Mr. and Mrs. Earl Richardson, 243 N. Washington St., daughter, Tuesday.

Mr. and Mrs. George Nesbitt, 529 Baltimore St., daughter, Tuesday.

Mr. and Mrs. Stanley Barthold, Hanover, son, Tuesday.

TEEN CENTER STARTS FUND FOR BUILDING

The local Teen Center committee Tuesday night placed the first deposit in a fund to construct a youth center for the community.

Meeting at the American Legion home, Baltimore St., the youth committee presented John Settle of the adult committee for the Teen Center with a check for \$120 to start the fund which the group hopes to grow to a point where a building can be constructed.

The amount was voted after a report by Treasurer Jean Bowling showed the new Teen Center had \$189.25 in its treasury with all bills paid.

SUPERVISOR CHOSEN

New membership cards are to be available this evening at the regular Wednesday evening session to be held at the Teen Center from 7 to 9 o'clock. Members may obtain the cards this evening or next Wednesday evening at the center upon payment of dues for the month.

Selection of George Nesbitt, a student at the seminary, to be the supervisor provided for the center by the Recreation Board was announced. The center will now be open on the third floor of the American Legion home from 3:30 to 5 each Monday, Tuesday and Friday afternoons; from 6 to 9 on Wednesday evenings and on Thursdays at various hours as arrangements are worked out for special activities. Parents are invited to visit at any time.

Approval was given by the adult and youth committees to bylaws presented for adoption Tuesday night. In an effort to enlarge the committee it was announced that any adult desirous of joining the adult committee for the center or any youth wishing to join the youth committee should notify any member of the committee. Among members of the adult committee are Walter B. Lane, John Settle, Gerald Bixler and Lee Raffensperger. Members of the youth committee include James Fox, Jean and Wanda Bowling, Roger Smith and Kenneth Shindledacker.

Astronauts Say Spacemen Will Navigate By Stars, Steer Own Course To Moon

WASHINGTON (AP)—The nation's astronauts told Congress today that Lt. Col. John H. Glenn's orbital flight showed that future spacemen can navigate by the stars much like a sailor at sea and steer their own course to the moon.

Glenn, accompanied by Cmdr. Alan B. Shepard Jr. and Capt. Virgil I. Grissom, testified before the Senate space committee in their third appearance in as many days at the Capitol.

The committee members stood and applauded as the three astronauts strode into the big Senate caucus room, filled to overflowing with cheering spectators.

Shepard, the Navy officer whose suborbital flight last year made him the first American in space, said he feels one discovery made by Glenn that has been generally overlooked is the visibility of stars in daylight.

"We intend to use the stars as a fix on the way to the moon,"

Math Is Subject For Torch Club

Members of the Adams County-Gettysburg Torch Club heard a lecture on mathematics after their monthly dinner meeting Tuesday evening at the Trinity United Church of Christ. The President, Dr. Lloyd C. Keefe, presided at the brief business meeting.

After the dinner session, the club members and wives of several of the members went to Stahley hall on the Gettysburg College campus where Dr. M. Scott Moorhead spoke on some of the newer concepts in mathematics including the set theory and mathematical logic.

TALENT SHOW FOR HOSPITAL SET FOR APR. 6

A talent show for the benefit of the Warner Hospital will be conducted by the Cashtown Community Lions Club in the Cashtown community hall on Friday evening, April 6, it was announced following action at the regular dinner meeting of the Lions Tuesday evening.

Plans for the show with cash prizes for participants were approved by the club with no restriction or the type of individual act or group entertainment eligible to compete.

Contestants desiring to register for the talent show are asked to write or telephone John Brehm, Cashtown, who is contestant registrar. The deadline for registrations is Saturday, March 24, when auditions will be held for the various acts that have been listed.

\$55 IN PRIZES

The admission price for the talent show has been set at 75 cents for adults and 25 cents for school children. All profits will go to the Warner Hospital, the Lions have decided and have listed the undertaking as a community service project.

Schools and civic organizations will be invited to enter contestants and an advertising campaign is planned to promote the show. There will be a cash prize of \$25 for first prize in the talent show and \$15, \$10 and \$5 awards are provided for second, third and fourth place winners.

All members of the club were given assignments on 13 committees to prepare for the show. The general committee on the talent show includes the Rev. Henry Early, chairman; Paul Terwilliger, Glenn Herring and John Kunkle.

3 NEW MEMBERS

In addition to handling business in connection with the show, the Lions Tuesday evening received as new members Hobart Benchoff, Stanley Cressler and Wilbur Baker.

The Lions also announced they will sponsor a donkey basketball game March 10 in the gymnasium of the Fairfield High School. The club voted \$10 to the current Boy Scout fund drive.

District officers of Lions International attended the meeting and showed a film on Beacon Lodge, a mountain camp for the blind, near Lewistown. Forty members and guests attended the meeting.

REVIVAL SERVICES

A series of revival meetings will open Sunday evening at the Mummansburg Mennonite Church and continue through March 11 with services each evening at 7:30 o'clock except Monday, Paul C. Martin, Shippensburg, will be the evangelist. The public is invited.

MacPhail Is Speaker For Farm Group

The farmer should keep a daily record of what goes on down on the farm for his own protection. Attorney John A. MacPhail told the members of the Gettysburg Young Farmers Association at their meeting Tuesday evening in the agricultural rooms at Gettysburg High School.

Good farm records not only are invaluable for tax purposes, but also should list any accidents that might happen on the farm and details on leases, agreements or any other arrangements between parties.

The attorney said all partnership agreements should be in writing, also all agreements between any two parties should be in writing, all leases, divisions of shares between parties, past or to occur in the future, all rights of way of power lines, roads, or private rights of way and all details that may pertain to the various laws with which farmers are likely to be involved, such as wage and hour laws, unemployment compensation, zoning, etc.

MacPhail urged "put it in writing" so that later, if there is a question, then the record will give the details of what transpired.

He also stressed that every farmer should have a will, and an up-to-date one so that estates can be settled as they wish. He said insurance should be checked from time to time to see that the right beneficiary is named. Situations change from time to time, he noted, and changes should be made accordingly in writing.

NEED EDUCATION

At one point Glenn was asked by Sen. Robert S. Kerr, D-Okl., the committee chairman, what advice he would like to have a part in the space age, either as astronaut or in work backing them up. "A basic good sound education is a prerequisite to any progress in this field," Glenn replied. He said his advice to young (Continued On Page 2)

SCOUTERS AT 3RD SESSION

"Have something doing from the minute the boys arrive until they leave the meeting." That was the advice given Scout leaders in all three phases of Boy Scouting at the third session of the University of Scouting Tuesday evening at Gettysburg High School.

In the Cubbing session Mr. and Mrs. Jack Hausman, Hanover, who had charge of "Den and Pack Activities" and Joseph Sunbury and Glenn Heckman, of Biglerville, who had charge of instruction on the "Den Meeting" stressed the "constant activity" theme for Scout meetings. Den meetings should not last more than an hour, pack meetings not more than an hour and fifteen minutes, according to the discussion, and "both the Cub and adult should have something to do from the minute they come in the door until they leave the premises."

Similar advice was given in the Boy Scout sessions at which Merle Yohe, New Oxford, conducted instruction on Boy Scout meetings and activities, and David Johnson of the Alpha Phi Omega fraternity of Gettysburg College and Allen Dubbs, Scoutmaster of Troop 79, discussed "advancement." In all sessions it was stressed that "we should avoid the classroom type meetings and activities."

Dr. Richard Greenholt and Stanley Frock, Littlestown, were in charge of the first part of a two-part session on "Training Explorer Officers."

Seventy-five attended Tuesday's sessions. The next classes in the series will be held next Tuesday evening at Gettysburg High School.

It was announced that the Gettysburg chapter of the Women of the Moose will be the hostess group for Moosehaven Day, March 25, at the Moose home here when members of the local Women of the Moose gathered Tuesday evening for their regular meeting at the lodge home. Jean Keller, the senior regent, presided with 21 present.

Other chapters will be invited here to exemplify the ritual at the program on Sunday, March 25, and further announcement of plans will be made when the program is received from Mooseheart.

These committee chairmen were announced for Moosehaven Day: Entertainment, Amanda Walker; registration, Rosetta Johnson, and program, Evelyn Rose.

Mabel Thomas, the unit's representative to the county home auxiliary, presented a report on that organization's activities. Marcella Harpster, president of the Gettysburg Civic Council, announced the Women of the Moose will serve as hostesses for the next meeting of the civic council which will be held at the Moose home on March 19. The members discussed articles appearing in city papers concerning the Gettysburg Battlefield.

Marcella Harpster, ticket chairman, asked that all ticket stubs be returned at the next chapter meeting on March 13. The door prize was awarded to Mabel Thomas and the good of the chapter prize to Rosetta Johnson.

PRIEST'S LIFE

(Continued From Page 1)

ginnings as schools of theology. Such names as the University of Sorbonne, Paris, Bologna, Oxford, had their roots in the determination of the church to provide an informed and educated clergy.

TRADITIONAL POSITION

"Our late Holy Father, Pope Pius XII, in speaking of the training of candidates for the priesthood said, 'In the first place, we urge that the literary and scientific education of future priests be at least not inferior to that of laymen who take similar courses of study.' The priest then is to have a liberal education that he may serve all facets of community life. Furthermore, if the student would discontinue this pursuit he would be prepared to make a notable contribution to the work of the community as a layman."

"Pope Pius XI said something like that in his encyclical, 'The Catholic Priesthood.' The priest must be graced by no less knowledge and culture than is usual among well-bred and well-educated people of his day. This is to say that he must be healthily modern, as is the church, which is at home in all times and all places and adopts itself to all, which blesses and fulfills all healthy initiative and has no fear of the progress, even the most daring progress, of science, if only it be true science."

"From these remarks I trust that traditional position of the church, relevant to the training of her priest, is clear."

PRIEST'S TRAINING

"To begin with, I am what is called a diocesan priest. We prefer the title 'diocesan priest' because it gives a truer picture of our work. We are ordained to the service of a diocese, which is a geographical segment of the church. A diocese is governed by a bishop, who in ordinary circumstances ordains the priests who serve in his diocese. He then assigns them to work in the different parishes, high schools or diocesan offices. The priest is subject to his bishop in a manner similar to that of an obedient son to his father. There is a very close relationship between the priest and his bishop. The priest accepts his assignment and uses his faculties and abilities to fulfill it as best he can."

"His training is geared to prepare him for the ministry in his Master's vineyard. After the completion of high school, the candidate pursues a course in the arts in college which will eventually lead to the Bachelor of Arts degree. After his first two years of college, he may enter the major seminary, and for the next two years he will major in scholastic philosophy. After the successful completion of these two years, he is granted his bachelor's degree."

"Following the completion of his college course, he goes on for four years of graduate study in theology. Upon the completion of these years of theology and upon the approval of the seminary faculty as well as that of his bishop, he is ordained to the priesthood."

COURSES OF STUDY

"The following is the courses which was required of me in my study for the priesthood, which I began at Mt. St. Mary's College in Emmitsburg and completed at St. Charles Borromeo Seminary in the college level: English, German, French, Italian, Latin, Greek, Hebrew, philosophy, biology, chemistry, physics, geology, history, history of philosophy, public speaking, education and religion. A total of 173 semester hours of credit was accumulated."

"In theology, or the four years of graduate work, I pursued dogmatic theology, moral theology, sacred scripture, canon law, homiletics, church history. A total of 140 semester hours of credit was gained in these years. We had a full course and full day. The day began at 5:30 a.m. and included morning prayer and meditation, holy mass, breakfast, study, class, particular exam, lunch, class, recreation, study, chapel, dinner, recreation, evening prayers and points of meditation with lights out at 9:30 p.m."

"The discipline was exacting. It was a discipline with a purpose; it led to the control of self. In all that we did the lofty purpose of our goal was before us. In that we benefited, please God, from the strict discipline. That lofty purpose was mentioned in the words of St. Paul in the beginning; I trust that I may once

SECRETARY IS NAMED TO FILL LYNCH'S POST

HARRISBURG (AP) — Paul G. Secoy of Pittsburgh is the new executive secretary of the State Harness Racing Commission.

Secoy's election to succeed M. Joseph Lynch, who resigned Feb. 1, was announced Tuesday by Commissioner Chairman Lawrence B. Sheppard.

Sheppard said the 60-year-old Pittsburgh resident was elected at an executive session of the commission Monday. Sheppard said the vote was 2-1—Sheppard and Commissioner Martin Cusick in support of Secoy, Commissioner Edward J. Kane against.

Secoy will assume his duties— at \$20,000 a year—"soon as possible," Sheppard said.

"FEEL FORTUNATE"

Lynch left the commission to assume a post with the Washington Trotting Association, Washington County. The organization holds one of the three harness licenses to be issued to date, with one more yet to be awarded.

"We feel fortunate in finding and securing the services of Mr. Secoy," Sheppard said. "We feel he's well-qualified for the position."

Secoy, who was born in Upper Sandusky, Ohio, was described as a "semiretired executive associated with the Fruehauf Trailer Co." He retired from active company service last year.

SEWER BUSINESS

However, he is still on the Fruehauf payroll as a national accounting representative. Secoy said he would begin to sever his business contacts starting at once.

Both Sheppard and Secoy termed the executive secretary's post a "full time job."

Secoy said he and his wife expect to move from Pittsburgh to Harrisburg.

The appointee said he was a registered Republican, but quickly added that he never has been active politically.

Secoy also has a background in harness racing. He presently has two horses in training with a Pinehurst, N.C., organization.

54 Are Killed In Mine Explosion

BELGRADE, Yugoslavia (AP) — Officials today set the toll in the Tito coal mine explosion at 54 dead. Eleven miners were in the Tuzla hospital critically ill from poisonous gases.

Mine officials said 52 bodies were recovered and two miners were still missing in the mine at Banovici, in central Yugoslavia. One of the missing was the keeper of the storeroom of explosives in a shaft where one of two explosions occurred Tuesday. The other missing worker was believed to have been in the storeroom at the time.

The cause of the blasts was not known. But officials believed they may have been caused by an accident in the storeroom. The explosions trapped 177 men 230 feet underground, but 123 of them were rescued. The Tito works is Yugoslavia's biggest lignite coal mine.

SET DATES FOR FIRE CARNIVAL

The dates were set and preliminary plan were discussed for the annual Kingsdale Fire Company carnival at the February meeting of the company held on Monday evening at the engine house along the Littlestown-Taneytown Rd. The carnival will be held August 20 through 25 on the grounds in the rear of the engine house. Entertainment is being scheduled for each evening when there will be refreshments and the usual carnival features.

President Harold O. Gerrick presided at the session and heard the reports of Theron Bair, secretary, and Ernest Baumgardner, treasurer. The company will be host for the quarterly meeting of the Adams County Firemen's Association Monday evening, April 2. The next regular meeting will be held Monday, March 26, when the refreshment committee comprises Theron Bair, Robert Barnes and Henry Barnes.

There will be an organization meeting for a Littlestown home-makers group Thursday, March 15, at 1:30 p.m. in the Alpha engine house. Mrs. Helen D. Tunison, Adams County home economics extension representative, has invited interested persons to attend.

CLASSES WILL MEET

Activities of Explorer Post No. 84 for this week include: This evening at 7 o'clock the group will leave from the Community Center for a roller skating party at Rainbow Rink, near Taneytown. It is planned to have a work detail at the meeting room in the Community Center Thursday at 6 p.m. There will be a record hop Friday from 8 to 11 p.m. in the Maple Ave. School auditorium. Ed Coles of radio station WSBA, York, will be the disk jockey. Admission is 50 cents per person.

The quarterly meeting of the Friendship Circle Class of St. Paul's Lutheran Church will be held at the church Monday, March 12, at 7:30 p.m. at the church. The hostess committee is composed of Mrs. Mahlon Bucher, Mrs. Allen Epley, Mrs. Mildred Wherley, Mrs. Riley Messinger, Mrs. Aaron Miller and Mrs. Lloyd Humbert.

Representatives of the Ladies' Auxiliary of Ocker-Snyder Post No. 321, American Legion, will attend the quarterly meeting of the four-county council Thursday morning and evening in Shiloh.

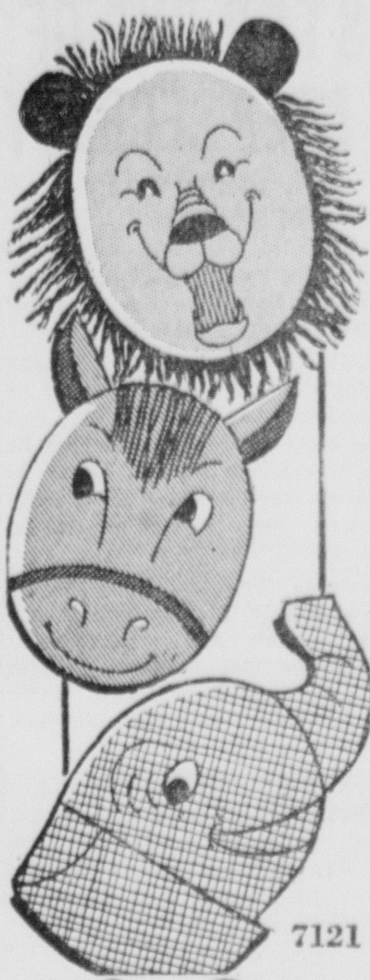

TO COLLECT SCRAP

Boy Scouts of Taneytown Troop 348 will conduct a scrap drive Saturday, weather permitting, for rags, magazines, newspapers and iron. Harney will also be covered, as well as the roads to Copperville and Crouse's Mill. Those leading to Bridgeport and Mayberry and the Baptist Rd. will be collected in May.

The Scouts ask that bundles be securely tied. The Scouts will carry the scrap from basement or attic.

licensing should be provided.

The ordinance committee reported it expects to be able to present an ordinance next month on the establishment of a municipal authority. The authority is being discussed for meeting sewer and water needs for the community but will probably also be set up to permit it to provide recreation and other activities for the good of the community should the borough in future years decide to go ahead with other projects.

ASKS OPERATING FUNDS

The council voted to ask Mt. Pleasant Twp. for a \$1,000 "advance" to provide funds for the borough to operate until it begins to get its own taxes.

Highways Chairman Paul Walzer noted a need to work out suitable arrangements for maintenance of streets where the borough owns one side and the township the other. A probable solution will be for the township to maintain and the borough to pay the township its share of half the cost, or vice versa.

The next meeting will be held March 27 at 8 p.m. at the Bon-neville fire hall. Council President Francis Staub urged the people of the town to attend the council meetings.

RESERVE UNIT ADDS RECRUIT

Gerald Taylor, Biglerville R. 1, was inducted as a new member of Company D, 313th Infantry, the local Army Reserve unit, at its drill Tuesday evening at the new training center along the Fairfield Rd.

L. Belford R. Thompson Jr., Arendtsville, commanding officer of the unit, noted that enlistments are currently being accepted for young men permitting them to serve six months of active duty in the Army and the remainder of their military obligation as members of the Reserves. He urged that men desirous of enlistments in the Reserve act quickly because of the expected closing of enlistments when the Army has reached its new strength level.

The local unit, now in its new quarters, is hopeful it may reach near the 200 mark before enlistments are closed. It currently has 105 on the rolls.

Lieutenant Thompson announced that members of the company or unit instructors will be present at the training center across the road from the state Highway Department shed on the Fairfield Rd. Wednesdays from 8 a.m. to 3 p.m. to discuss Army Reserve requirements with any interested persons, or young men curious about the advantages of Reserve membership may attend any Tuesday night drill at the training center.

At Tuesday night's drill Sgt. LeRoy Fleming gave instruction on the automatic rifle; Sgt. Robert Roe instructed on the 81 millimeter mortar and Sgt. Shanebrook on the 106 recoilless rifle.

Lillian Reis To Be Tried Tuesday

POTTSVILLE, Pa. (AP) — The second burglary trial of Lillian Reis has been set for next Tuesday.

Dist. Atty. Harry W. Lightstone, announcing this Tuesday, said his assistant, Calvin J. Friedberg, will again handle the prosecution. The jury couldn't agree at her first trial last fall.

Miss Reis, 32, a one-time chorus girl who now owns a Philadelphia night club, was indicted for the burglary of the home of John B. Rich in August of 1959. Rich said he lost about \$20,000 in cash and jewels; police have testified the loss might be as much as \$475,000 in cash.

Five men also were indicted. Three were convicted; one was slain in gangland style, and the other awaits trial.

LONDON (AP) — The House of Commons approved a bill Tuesday night restricting immigration to Britain from other British Commonwealth countries for the first time.

The bill will curb the increasing influx of immigrants from the West Indies, India and Pakistan. It has been denounced as a virtual color bar.

GUILD PLANS DAY OF PRAYER

The Women's Guild of Redeemer's United Church of Christ met in the church social hall Monday evening when Mrs. John W. LeGore, Christian education department chairman, was in charge of the program. There was group singing, accompanied by Mrs. Samuel H. Higinbotham, and the program continued as follows: Scripture, Mrs. George C. DeHoff; meditation, Mrs. P. Bernard Weaver; piano solo, "Theme and Variations in F Minor," Miss Judy Shomper; offertory prayer, Mrs. Ralph L. Staley; dialogue on the evening's program theme, "The Church of the Living God," Miss Shomper, Mrs. Harold O. Sentz, Mrs. Melvin Shanebrook and Mrs. Richard A. Little Jr.

Mrs. Glenn Finchbaugh, president, was in charge of the justice and heard the reports of Mrs. William I. Straley, secretary, and Miss Malva A. Dutera, treasurer. Plans were made to serve a breakfast of doughnuts and coffee to the women of the church Wednesday, April 18, at 6 a.m. in the social hall, Mrs. Higinbotham, spiritual life chairman, was placed in charge of the church home department and will select assistants and outline their duties. The guild will participate in the community World Day of Prayer Service on Friday, March 9, at 7:30 p.m. in St. Paul's Lutheran Church. At the close of the business, slides of bygone years of the church were shown by Mrs. Higinbotham. Refreshments were served by Mrs. LeGore and her committee.

The next regular meeting of the guild will be held Monday, March 26, at 7:30 p.m. at the church. The Lenten quiet hour will take place and the program theme will be "Because He Lives," Mrs. Samuel Higinbotham is March with regard to the murder charge.

program chairman.

Plans will be furthered for the annual spring horse show at the March meeting of the Carroll-Adams Riding Club, Inc., at 8 p.m. on Thursday in the clubhouse at "Sunset Hill Farm," near town. Refreshments will be served by Norman Fritz Jr.

In preparation for the first Friday of the month confessions will be heard in St. Aloysius Catholic Church on Thursday at 4 and 7 p.m. Holy Communion will be distributed outside of Mass on Friday at 5:45 and 7 a.m. Masses will be celebrated at 8:15 a.m. and 7:30 p.m.

RULE SLAYER IS INSANE

Adjudged a mental defective, Norman W. (Barney) Bittinger, of Waynesboro, Monday was ordered committed to the Fairview State Hospital for the criminally insane.

The effect of the order signed in the Franklin County courts by Judge Chauncey M. DePuy will be to postpone indefinitely, perhaps forever, Bittinger's call to trial on a charge of murder.

The 51-year-old handy man has been in jail here since his apprehension on Aug. 1, a short time after he was reported to have fired four shots into the body of his cousin, Marilyn L. Shearer, 31, of Waynesboro, inflicting fatal wounds. The shooting occurred in a wooded area near Cold Springs Park, southwest of Waynesboro, where the two met in prearranged rendezvous.

Judge DePuy in signing the commitment order, indicated he was acting as the result of separate findings made by a court-appointed sanity commission, a psychiatrist, and a clinical psychologist. The investigations showed Bittinger to be a mental defective, incapable of intelligently carrying on the activities necessary to present a legal defense or analyzing what he ought to do.

PFA GROUP AT D. C. MEETING

Members of the Adams County Farmers' Association met with Congressman George Gooding on Monday in Washington, D. C., during the annual congressional meeting of the PFA which was held on Monday and Tuesday of this week.

The New Farm Programs for the 60's" was discussed by the farmers and their congressmen. John R. Pitzer, legislative chairman for the Adams County Farmers' Association, in commenting on the administration proposal for agriculture, said, "There is no doubt in my mind that the intention of this bill is to take complete control and management of the country's food supply, land and farmers. No other secretary of agriculture in the history of this country has proposed such drastic production and marketing controls on corn, other feed grains, and milk."

Fred Bohn, a PFA member from Berks County, was the speaker at the Monday evening banquet. Mr. Bohn said that farmers "object to Secretary Freeman using the stored surplus as a club over farmers' heads to force farmers to choose the proposed farm program. The dumping of feed grains by the government will have disastrous effects on all farmers."

Membership reports were given at the meeting and PFA membership numbers are growing in Pennsylvania. Recognition was given to 10 counties who have already exceeded last year's membership.

Attending the two-day meeting from Adams County were John F. Pitzer, Lee Frey, John Luntz, Charles Lott, Mrs. Donald Garretson and Mrs. Russell Barbour.

TWENTY-FIVE YEARS AGO

23-Month-Old Boy Drowns In Creek Near New Chester: While Mrs. Adolphine Walker, Straban township, New Oxford R. 2, penned a letter to her husband in Kentucky this morning telling him how their youngest son, Lowell Thomas Walker, aged 23 months, tried to help his mother with the chores, the child wandered to Conewago creek a few hundred yards north of the Walker home, waded into the swift current and was swept downstream 75 yards, where his lifeless body was recovered more than an hour later by neighbor youths.

The child's body was taken to the Walker home where George Walker, 19, a brother, labored for over an hour in a vain effort to restore life to the cold form, bruised by rocks in the stream bed as it had been swept over stony shallow sections of the creek.

Budget Cutting County Tax Rate 1 Mill Approved: At their regular weekly session this morning at the court house, the county commissioners gave final approval to the 1967 budget, tentatively approved January 19, which makes provision for a reduction of one mill in the county tax rate for this year. The commissioners say the reduction of one mill in the levy for general purposes will save real estate owners in the county \$16,686.43.

Fire Razes Grocery Store At Goodyear: Fire of undetermined origin destroyed the grocery store of Jesse McCaleb at Goodyear, Wednesday.

The one-story frame building was enveloped in flames before members of the McCaleb family, who live in a separate dwelling, were aroused. Neighbors and firemen prevented the blaze from spreading to other nearby buildings. The value of loss has not been determined.

Bigler Play Cast Chosen: Rehearsals were started this week by the Peter Pan dramatic players of Biglerville high school for the presentation of "Peg O' My Heart," to be given in the Biglerville auditorium, Thursday and Friday, April 1 and 2.

The production is being staged for the benefit of the senior class to defray expenses for its annual trip to Washington, D. C.

3 Maps, One 167 Years Old, Shown At D. A. R. Meeting: Interesting facts of early Adams county history were revealed at the March meeting of the Gettysburg chapter of the Daughters of the American Revolution Friday afternoon at 2:30 o'clock at the home of Miss Kate Gilbert, Springs avenue, with the display of three old county maps, one of them 167 years old. A meeting of the executive committee preceded the meeting of the chapter.

Buy 16 Canes For Adams Blind: Through the purchase of sixteen more "white canes," the Gettysburg Lions' club has increased the project aiding the blind to cover the entire county.

In addition to the several canes distributed in Gettysburg recently, the new canes will be given to blind persons residing throughout the county. This distribution is now underway.

Specially painted white, with the exception of the bottom part of about 12 inches which is red, the canes are designed to warn motorists and pedestrians that the persons carrying them are blind.

HOLLYWOOD (AP)—Lindsay Crosby and his wife, Barbara, are both hospitalized today—in separate hospitals.

She is in St. Joseph Hospital in suburban Burbank, recovering after the death of a prematurely born son.

Lindsay, youngest of Bing Crosby's four grown sons, is in St. John's Hospital in Santa Monica, 15 miles away, for a physical checkup and treatment of laryngitis.

VALUES

Probably the greatest achievement in this life is for one to be able to properly appraise life's values.

For it is upon this appraisal that rest all the hope and desire the human heart. One's measure of success and happiness is wholly dependent upon it.

So finite is the mind and so molten is the heart, however, that these values often lose their contour and as a consequence the individual is thrown into a state of groping, like a sheep that has wandered from its mates.

But the values remain, and if the appraisal has been properly made, they are bound to loom in the mind and heart and give courage and light when most needed.

He who lives from day to day without the faintest conception of these values can look forward to nothing more than a life of floundering and disappointment.

Money, finery, streaks of fortune, convivial companions, flattery—these are only as the chaff which the wind drives away from the gold of the wheat, or as the tares which seek to choke the life of that which is good.

The navigator must know his course, and the only way that he can know it is to know his chart and to consult it all along the way.

That's something of how it is in this little journey of ours. The right values, once impressed the mind, though temporarily confused, come back.

But you have to have them in the first place. And they must be rightly appraised.

Tomorrow Mr. Adams will talk on the subject "Do Something." Protected, 1962, by The George Matthew Adams Service

EYES

Eyes are different; some can see Leaf and bud on many a tree. Some discover, here and there, Tiny little lines of care Stamped on faces white and wan Others never look upon.

Some, whatever they behold, Merely see its cost in gold. Theirs are advantageous eyes, Shrewd, and sharp, and cold, and wise.

Seeing only things which may Serve their own concerns some day.

Some have eyes which sweep about, Finding little follies out. They can readily detect Clothes which are not quite correct. But they never seem to find Rich endowments of the mind.

From the self-same point of view Some see more than others do. What is beautiful to one, Others never look upon. And wonder can it be Life is merely what we see?

Bidwell, who will plead to the indictment on Monday before federal Judge John M. Cashin, issued a statement in which he declared, "I have fully paid all my taxes."

He said he had been engaged in controversy with the Internal Revenue Service over his 1956 and 1957 returns for more than three years.

"In light of the way negotiations have dragged on for more than three years and in view of the fact that my taxes have long been paid, isn't it strange that Washington would wait until I was chairman of the board and then pick this particular period of the year—around income tax filing time—to release a barrage of publicity before the matter was even presented to the grand jury?" Bidwell asked.

BIG RECEPTION AWAITS GLENN AND SIX OTHERS

By FRANCIS STILLEY

NEW YORK (AP)—It takes a real American hero to make New York turn handsprings in the way of a celebration. But that's just what it will have Thursday—J. Edgar Hoover and his fellow low as on—ants—and that's why the sky will be the limit.

Gotham is preparing for one of its biggest blasts of all times, weather permitting.

As the New York Times put it, "a reception fit for a king is being planned by the city for Glenn, America's first flesh-and-blood astronaut," and his six fellow astronauts.

Police said they couldn't estimate how many of the city's eight million residents would turn out but that they were expecting something close to a record demonstration if the weather is fair.

ROYAL TREATMENT

In any case, Glenn and colleagues will get the royal treatment.

There'll be the traditional ticker tape parade from the Battery to City Hall for formal greetings from Mayor Robert F. Wagner and others. Afterward there will be a procession to the Waldorf-Astoria Hotel for a luncheon and other festivities.

For the occasion, Lower Broadway's name will be changed to "Astronauts Way."

Schools located along the honored party's route from La Guardia Airport to lower Manhattan will permit teachers to take pupils out to see the motorcade go by.

WATCH ON TV

In other schools, students by the thousands will watch the day's activities on television or keep up with them by radio.

At City Hall, Wagner will read a proclamation designating Feb. 20—the day Glenn orbited the earth three times—as "Astronaut Day in New York City" as long as there is a New York City.

Among the most fantastic displays ever put on by New Yorkers were those in honor of Charles A. Lindbergh for his 1927 solo flight across the Atlantic, and Gens. Dwight D. Eisenhower and Douglas MacArthur.

Lindy—the "Lone Eagle"—probably got the wildest and most spontaneous greeting of all. Like astronaut Glenn, he was relatively unknown until his great achievement.

It was estimated that four million people turned out June 14, 1927, for the New York welcome, which brought everyday life in the city to a standstill.

Auto Kills Two Girls Leaving Bus

BLOOMSBURG, Pa. (AP)—An auto killed two girls after they stepped from a school bus Tuesday. The driver of the bus was the father of one of the girls and witnessed the accident.

Dead were Wanda Edwards, 9, daughter of the bus driver, Myron Edwards, and Joan Henrie, 7, both of Berwick R. 2.

Authorities said the bus had stopped on a side road at the intersection of Route 93 at Ebenezer and the girls were hit when they started across the main road toward their homes.

The driver of the car was identified by police as George C. Koch, 38, of White Haven.

JAILED FOR HIJACKING

MIAMI, Fla. (AP)—William McCollough Stoner, 20, of Mercerville, Pa., received a two-year jail sentence Tuesday for hijacking a charter boat to go to Cuba and assassinate Fidel Castro, the Cuban prime minister.

Stoner was shot in the right shoulder and captured by a police officer in a pursuing boat last December. The charter boat's owner and mate were not hurt.

Stoner, appearing before Criminal Court Judge Gene Williams, said he "had to stop Castro and couldn't unless I got to Cuba. I just took a chance getting there the wrong way."

Killing Castro "now will have to be done by someone else," Stoner continued. "It has to be done because Castro is spreading communism to this hemisphere and they plan on conquering the United States in 1973. I know that."

Stoner, a Negro, said he came to Miami on the pretext of getting a job. Instead he went to the Cuban revolutionary headquarters and asked for transportation to Cuba. He was told he would have to wait. That's when he decided to hijack the boat, he said.

ITALIAN ADAPTATION

NEW YORK (AP)—Arnold Weinstein, a young playwright whose "Red Eye of Love" is an off-Broadway hit, now has a musical ready for exhibit.

The work "Fortuna" is adapted from a play Weinstein became fascinated with during a stay in Italy.

"I want to see it three nights in a row," he explains. "I thought, 'I can't spend the rest of my life seeing it. I'd better adapt it.'"

POWERS WILL STEP OUT OF DEEP SECRECY

By HARRY KELLY

WASHINGTON (AP)—U2 pilot Francis Gary Powers may step out of the deep pocket of secrecy within a few days. But where or when wasn't made clear.

Officials said Tuesday a special inquiry board was winding up its questioning of Powers, 32, and was reported to have decided he had conducted himself about as well as possible under the circumstances when he was downed in the Soviet Union.

Powers, the officials said, would be available by Thursday to appear before any congressional committee that wants to talk to him. He has been tucked away in seclusion since the Russians freed him Feb. 10.

TALK WITH PRESS

President Kennedy said at his news conference last week that the Powers inquiry would be completed by the middle of this week and the pilot then would be available to Congress and the press.

Informants indicated Tuesday that the flier could talk with the press after he appears before a congressional committee.

So far only one congressional group, the House Foreign Affairs Committee, has said definitely that it plans to question Powers. Chairman Thomas E. Morgan, D-Pa., announced the committee will call Powers at a closed session, probably next week.

The Senate Armed Services Committee will decide whether to hear him after it receives a closed-door briefing on the case Thursday from John A. McCone, director of the Central Intelligence Agency.

CIA EMPLOYE

Powers presumably was working for the CIA when his high-flying photo-reconnaissance plane went down in flight over the Soviet Union May 1, 1960. The CIA has never acknowledged publicly Powers was one of its own.

CIA officials, who reportedly felt that Powers had let them down by permitting the Russians to capture him and his plane, now are understood to have changed their minds.

Congressional sources said the CIA was reported to be satisfied that the U2 pilot had given the Russians only minimal information.

Powers, whom the Russians sentenced to 10 years imprisonment, was exchanged in Berlin for Soviet spy Rudolf Abel, flown to the United States, and has been under questioning at an undisclosed hideaway.

38th Satellite Is Orbiting The Earth

VANDENBERG AIR FORCE BASE, Calif. (AP)—The 38th rocket in the Discoverer satellite series is orbiting the earth on a secret Air Force mission.

Discoverer 38, launched Tuesday, carried a capsule loaded with instruments and gear listed as classified. As in previous shots the capsule is to be separated from the rocket within several days. The Air Force hopes to snag the capsule in the air as it parachutes toward the Pacific.

So far seven capsules have been caught in the air and four fished from the sea.

Passenger Plows Into Wrecked Freight Train

LEWISTOWN, Pa. (AP)—A Pennsylvania Railroad passenger train today plowed into the wreckage of a freight train which had derailed almost simultaneously. Three diesel locomotives and 17 of 18 cars of the passenger train derailed, injuring at least nine persons.

The passenger train, the Pennsylvania Limited No. 55, was bound from New York to Chicago with intermediate stops when the accident occurred 23 miles east of this central Pennsylvania community.

KENNEDY NEAR DECISION ON NUCLEAR TEST

By LEWIS GULICK

WASHINGTON (AP)—According to his announced timetable, President Kennedy now is in a position to decide whether to go ahead with nuclear tests in the atmosphere.

The White House declined to say whether Kennedy has reached a verdict, as he said he would by the end of February.

Other sources said he has not yet made up his mind, but is expected to announce a decision soon.

Kennedy has indicated he will direct a resumption of atmospheric shots because of Soviet gains in the Russians' 50 atmospheric explosions last fall which broke the atomic test moratorium.

MAKE TEST PLANS

The United States followed with underground blasts and Kennedy has ordered preparations for tests in the air, which are more valuable for developing weapons but produce radioactive fallout.

Kennedy ordered a study on the effect of the Soviet series on American security. He told a Feb. 14 news conference that "by the end of the month, we will have concluded our analysis of our relative positions and we will be in a position to make a decision."

Britain is expected to engage in her first post-moratorium testing with an underground explosion at the U.S. test site in Nevada within the next few days.

Puree leftover cooked vegetables, with a little of their liquid, in an electric blender. Add to well-seasoned thin white sauce for a good soup. Make the white sauce with half stock, half milk.

Wreck trains were sent to the scene.

Another eastbound passenger picked up the passengers from the wrecked train and took them to Tyrone where they were met by a relief train from Harrisburg which took them on westward.

Mount Seeks To Snap Jinx As Host School For M-D Tourney Opening Thursday

No host team for the Mason-Dixon Conference basketball tournament has won the title since Loyola turned the trick in 1953 and Mt. St. Mary's College will be out to break that jinx when it is host to the 22nd annual event which opens with four games Thursday, a double bill Friday evening followed by the championship game Saturday night.

The Mountaineers, who won the title last year, will be gunning for their seventh championship which would tie American University for the most titles won—seven. American was not eligible for title consideration this year due to not playing a sufficient number of games.

The winner of the tournament will enter the small college NCAA tournament.

Thursday's games follow: 5:15 — Hampden-Sydney vs. Washington College; 6:35 — Randolph-Macon vs. Johns Hopkins; 8:35 — Loyola vs. Catholic University; 10:15 — Mt. St. Mary's vs. Roanoke.

TWO GAMES FRIDAY

Winners on Thursday will clash in a doubleheader Friday evening, the first game starting at 7:30 o'clock. The finalists will meet for the title Saturday evening at 8:15.

A parade of the conference's best marksmen will be on display at the Mount gym: Hampden-Sydney's Bill Hardin, with a 25.5 average; Randolph-Macon's Al Roberts, 20.1; Washington's Rene Duval, 18.5, plus the Mountaineers' own John O'Reilly, 21.6, as well as Eddie Pfeiffer, Dave Maloney and Captain Dick Talley.

Jim Phelan's Mt. St. Mary's outfit carries a 16-6 record into the tournament. In winning the North League honors of the M-D Conference, the Mount compiled a 12-2 record.

Roanoke, opening night opponent for the Mount, was 5-6 in the South League and is currently 8-12. During the regular season the Mountaineers breezed to a 36-69 win at Roanoke.

SULLIVAN HOLDS MARK

Six of the seven individual tournament records are owned by Jack Sullivan, Mt. St. Mary's immortal. His records include: Most points in one game, 55; most field goals, 22; points, one half, 34; points for tournament, 102; field goals, 39, and fouls, 30. Of the seven team records, the Mount holds three, most field goals in one game, 47; most points, one game, 129, and most points in tournament, 339.

Three Mount players who will be starters have all scored over 1,000 points during their collegiate careers. They include Captain Talley, 1,274 in four years; Eddie Pfeiffer, 1,008 in three years, and John O'Reilly, 1,064 in two years.

General admission each day will be \$1.25. There will be 450 reserved seats at \$1.75 each.

QUEBEC ACES BLOW CHANCE

By THE ASSOCIATED PRESS

Time is running out on the Quebec Aces in their bid to grab second place in the American Hockey League's Eastern Division.

The Aces, one of the league's toughest teams on home ice, blew a big chance Tuesday night when they outskated and outplayed the Rochester Americans but had to settle for a 3-3 overtime tie in the AHL's only action.

Rochester goalie Gerry Cheevers was the main culprit, making 40 stops—including four sizzlers from the stick of defenseman Jim Morrison.

The tie enabled the Aces to gain one point on second place Hershey in the Eastern battle for second place, but Quebec still trails by three points and has three fewer games to play than Hershey. The Aces have played 59 games with 11 left while Hershey had 14 remaining on the 70-game schedule.

Most of the action was packed into the first period, with Rochester scoring all three of its goals and the Aces getting two. The Aces tied it in the second period and neither team could dent the other in the last 30 minutes, including the 10-minute extra session.

Frank Martin, Skippy Burchell and Guy Black scored for Quebec; Dick Gamble, Stan Smrke and Bruce Craper for Rochester, which moved to within two points of second place Cleveland in the Western Division.

SAYS OFFICIAL OFFERED HIM "GRID" STOCKS

By PETE SCHNEIDER

BALTIMORE (AP) — Lamar Hunt, chairman of the American Football League, says Texas financier Clint Murchison offered him a substantial amount of stock in the Dallas Cowboys if Hunt would drop plans to organize the AFL.

Hunt, himself a Texas millionaire, testified in U.S. District Court Tuesday that Murchison—owner of the Cowboys of the National Football League—told him having two teams in Dallas "was a ridiculous situation and we both would lose a lot of money."

Murchison also said, "I do not believe the AFL will succeed," Hunt related.

Hunt logged eight hours of testimony in the first two days of the trial of the AFL's \$10-million antitrust suit against the older NFL, and was to resume his testimony today.

LAST THREE MONTHS

The trial is expected to last about three months. Chief District Judge Roszel C. Thomsen is hearing the case without a jury.

The AFL is seeking \$10,000,000 in damages from the NFL, claiming the older league tried to monopolize professional football by announcing expansion plans after the AFL had received seven franchise commitments.

Hunt named a long list of NFL owners who he said concurred in the belief the AFL was doomed to failure. He testified that at least one of the NFL owners, Carroll Rosenbloom of the Baltimore Colts, said he "would do everything he could to fight the AFL."

Postpone Game Due To Wet Floor

By THE ASSOCIATED PRESS

McAdoo, Pa. (AP) — For the second year in a row a basketball game between West Hazleton and McAdoo High Schools had to be postponed Tuesday night because of a wet floor.

The game, to decide the championship of the Anthracite League, will be replayed Thursday night at Hazleton High School.

West Hazleton was leading 22-13 at 1:59 of the second quarter when condensation on the floor caused the players to slide and fall. The small court has seating facilities for about 450 and 700 packed the gym.

HOLY CROSS IS EXPECTED TO GET INVITATION

By ED CORRIGAN

Associated Press Sports Writer Jack (the Shot) Foley and his free-wheeling Crusaders from Holy Cross were expected today to be named the ninth team in the National Invitational Tournament in Madison Square Garden.

The Shot, No. 2 scorer in the nation's major colleges, plunked in 34 points Tuesday night to lead the Crusaders to an 86-75 victory over Boston College in a showdown for an NIT spot.

Ken Norton, chief of the NIT selection committee, said he was watching the Holy Cross-BC game "with great interest."

In the Southwest Conference the race for the title and the NCAA tournament spot remained a two-way scramble between Southern Methodist and Texas Tech. SMU turned back Baylor 69-52, and Tech downed Texas A&M 69-49, and in the process eliminated the Aggies from the race.

Both SMU and Texas Tech now are 10-3 in the league with one more game to play. SMU goes up against Arkansas and Tech faces Rice next Tuesday. If they wind up in a tie for the title, they'll have a one-game playoff.

Holy Cross' victory over Boston College avenged an earlier defeat at the hands of the Eagles. The Shot, a 6-foot-5 senior and Crusader co-captain, now has scored 734 points, in 22 games.

Southern Methodist, which has been getting stronger as the season progresses, has won seven straight games. Joe Luderemil, leading scorer in the Southwest Conference, pitched in 27 points to pace SMU. Harold Henson had 22 for Baylor.

Other Games
Harold Hudgens was the big man in the Texas Tech victory over the Aggies, scoring 24 points and grabbing 13 rebounds.

Bowling Green, No. 7, was the only team in the top ten of the current Associated Press poll to play. The Mid-American Conference champions downed Detroit, an NCAA at-large entry, 89-55. Nate Thurmond had 24 points for the Falcons.

Connecticut, still hoping to push through to the Yankee Conference crown, whipped New Hampshire, 85-72, with Dave Comey getting 23 points, 19 of them in the second half. The Nutmeggers are in third place with a 6-3 record behind Massachusetts, 8-1, and Rhode Island, 6-2.

European Named Fighter Of Month

By THE ASSOCIATED PRESS

NEW YORK (AP)—Dick Richardson, European heavyweight champion from Wales, was named Ring Magazine's "fighter of the month" today for his one round knockout of Germany's Karl Mildenberger in a title bout.

In addition, the 27-year-old Welshman was restored to the top ten ratings after a long absence. He was ranked tenth, replacing George Logan of Boise, Idaho.

Mildenberger had won 19 straight bouts and had a record of only one defeat in 30 pro fights until he was flattened by Richardson.

The beating Denny Moyer handed Sugar Ray Robinson boosted the baby-faced youngster from Portland, Ore., from ninth to seventh among the middleweights.

Sugar Ray, former welterweight and five-times middleweight king, was demoted from fourth to eighth.

Hornets Trade To Get Left Winger

By THE ASSOCIATED PRESS

PITTSBURGH (AP)—The Pittsburgh Hornets of the American Hockey League have traded center Bob Bailey to San Francisco of the Western Hockey League for left winger Gordon Redahl.

The Hornets announced the swap Tuesday and added that goalie Gerry McNamara has been sent to Portland in the Western League to replace Roy Edwards. Edwards is being sent to the Sault Ste. Marie team.

The Hornets recently acquired goalie Claude Evans.

Edwards played for the Hornets in 10 games this season, filling in for McNamara, who was recovering from an injury.

BRAVES LOSE TO CENTRAL; JAYVEES WIN

By THE ASSOCIATED PRESS

A tap-in by Dale Wise with five seconds left kept the Chicago Majors from taking a 1-game lead over the Pittsburgh Rens in the Eastern Division of the American Basketball League Tuesday night.

The goal gave the Hawaii Chiefs a 95-94 victory over the Majors at Honolulu and dropped the Majors back into a first place tie with the New York Tapers who whipped the Cleveland Pipers 101-90 at Comack, N.Y., and the San Francisco Saints beat the Kansas City Steers 109-100 at Oakland, Calif.

There is no substitute for power," he conceded at the Colts' camp at Apache Junction, Ariz., "but the closest thing to it in our situation is defense and line drive hitting. We know we have some of that."

Craft greeted a half dozen of his outfielders Tuesday and immediately began looking elsewhere for power. Altogether they hit nine major league home runs last season.

"I am pleased," said Craft, "that they all can play center field."

SOME CHANGE
General Manager Paul Richards said there might be some changes before the regular season opens on April 10.

While Craft frets over his power problems, Manager Billy Hitchcock of the Baltimore Orioles is holding his breath hoping Dave Nicholson, a \$115,000 bonus baby four years ago is ready.

In four seasons in the minors, the 6-foot-3, 210-pound Nicholson struck out 473 times in 1,398 at bats, but he also hit 71 home runs. He has exhausted his limit of three minor league options.

JAY A HOLDOUT
With the signing of Roger Maris by the New York Yankees, the top holdout is Joey Jay, a 21-game winner with the Cincinnati Reds last year. He is demanding \$30,000 "or more," and has been offered a contract of \$22,500.

Jay, who is part owner of some West Virginia oil wells, said he'll quit unless he gets what he wants.

Elsewhere: Eddie Bressoud, the new shortstop of the Boston Red Sox, said riding the bench last year with the San Francisco Giants may have helped a torn cartilage in his knee. Duke Snider, a 15-year member of the club, was appointed captain of the Los Angeles Dodgers. Win Crouvell, an 18-year-old catcher from Amsterdam, the Netherlands, worked out with the Chicago White Sox. His townspeople raised the money to finance his trip. Los Angeles Angels' Lee Thomas fractured a bone in his right foot and will be idle until a special arch is made for him.

Muhlenberg Site For Cage Playoffs
Four basketball teams from three states will square off in a two-day playoff at Allentown this weekend to determine the college division champion of the Middle Atlantic Conference.

Albright, top-ranked team in the MAC northern college division, meets Western Maryland, the No. 2 team in the southern college division at 7 p.m. Friday in Memorial Gymnasium on Muhlenberg College's campus.

The second game, which begins at 9 p.m. Friday, matches Hofstra, second-ranked team in the north, with Penn Military, top team in the south.

The winners will meet in a championship event at 9 p.m. on Saturday evening. This will be preceded by a 7 p.m. consolation game between the two teams that lost in the first night's competition.

BOWLS 243 GAME
Willis Musselman, 12, son of Mr. and Mrs. Sterling Musselman, E. Broadway, turned in a 243 bowling game at the Edgewood Lanes Sunday afternoon.

The present-day Army enlisted man receives 65 items of personal clothing worth some \$150.

SAYS HOUSTON DOESN'T HAVE MUCH POWER

By THE ASSOCIATED PRESS

Manager Harry Craft of the Houston Colts today conceded that his club lacks power but—like the guy whistling past the graveyard—bravely pointed out that he is possessed of some defense and line drive hitting.

New Dairy Inaugurates Processing Of Fresh Milk

MASON DIXON DAIRY TO SELL MILK IN AREA

The Mason Dixon Farms, located south of Gettysburg in Adams County and Maryland, Thursday begin processing milk for sale to consumers in this area, it was announced today by a spokesman for the firm.

In the announcement by the partnership, it was disclosed that retail sales of milk in the new plant located off the Taneytown Rd. leading to Natural Dam will begin Thursday, and the public is invited to visit the farms at an open house to be held at the farms and dairy Thursday, Friday and Saturday.

The partnership, which was reorganized in 1961, includes Horace, Richard and C. J. Waybright and Luther Smith.

HAVE 150 COWS

The 150-cow farm is expected to produce over 4,000 pounds of milk daily. In the announcement, it was stated that the milk will be available to consumers one day sooner than would ordinarily be under other sources that sell milk locally.

Hours for the open house will be from 10 a.m. to 9 p.m. These hours also will be maintained by the dairy for public sales to the customers in the future. Refreshments will be served throughout the three-day event and there will be a 25 per cent reduction on the price of milk, ice cream, butter, bread and eggs.

PLAN DELIVERIES

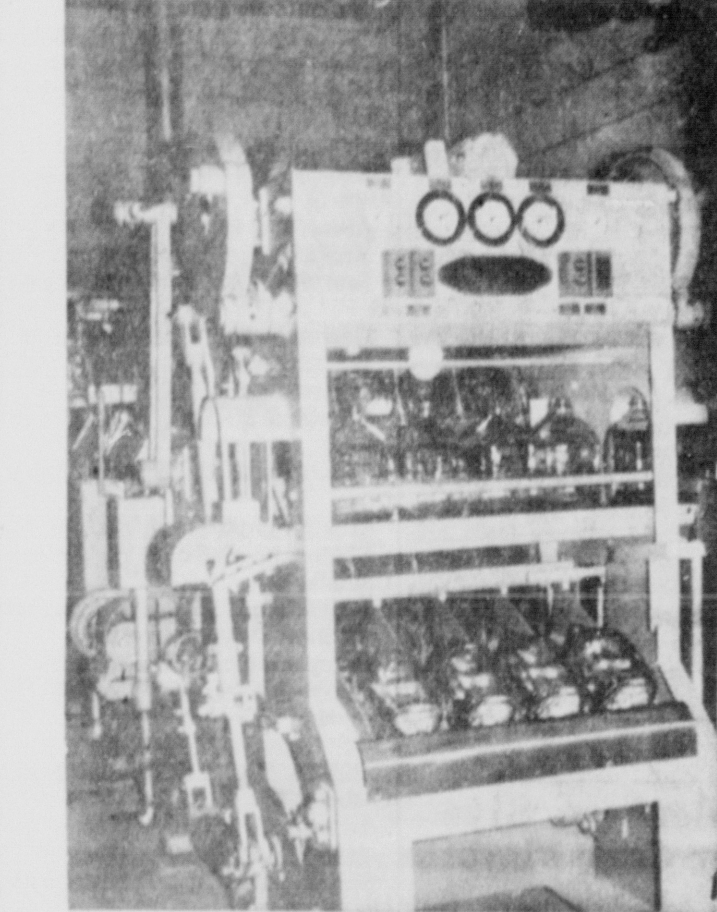

Initially, milk will be sold only at the store, but for those who desire home delivery, routes will be set up later.

Mason Dixon Farms dates back to an original land grant from the Penns in 1759. Seven generations of Waybrights have occupied and farmed the land up to the time of the latest partnership reorganization in 1961.

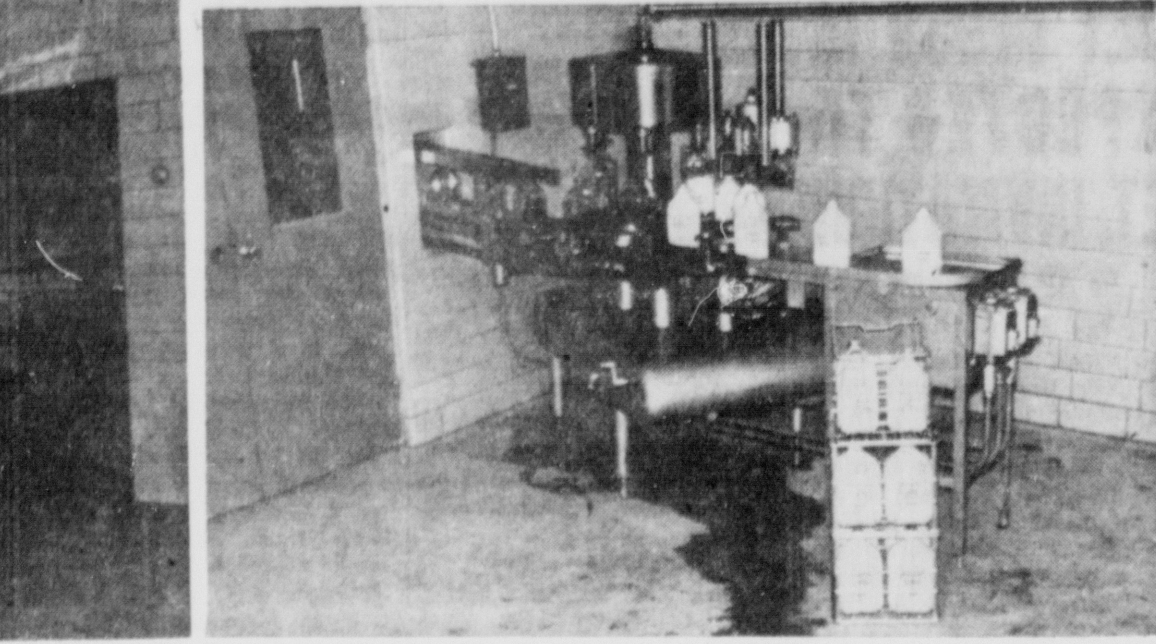

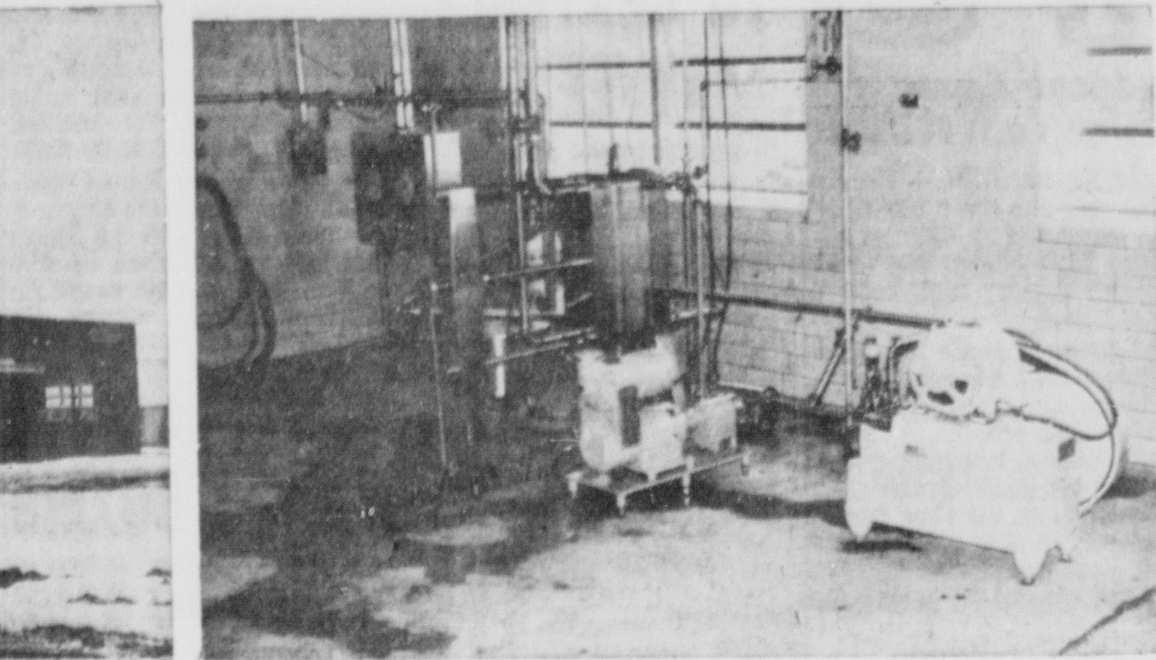

The purpose of the reorganization was to expand into a program of milk processing and retail business. There were two reasons for this decision. First, consumers in the Gettysburg area, in the heart of the Pennsylvania dairy region, had no source of locally produced and processed quality dairy products. Secondly, all milk producers in this area were forced to pay high transportation costs in order to market their milk in surrounding areas. Mason Dixon Farms felt that savings effected in these costs, plus efficient production and processing, could be passed on to local consumers in the form of higher quality, fresher, and more economical products.

HAVE 950 ACRES

At present there are 335 acres of farmland owned by the partners, and an additional 115 acres leased from neighboring farms, included in the farm operation. The main products are forage and grain crops used for feed for the large dairy herd. The entire Holstein herd has been certified by

Above are five views of the interior and exterior of the Mason Dixon Farms Dairy which will start processing milk for delivery in this area Thursday.

1,000-gallon stainless steel bulk storage tank, where it is instantly cooled to 36 degrees F. From this tank the refrigerated milk is transported to the processing plant by stainless steel tank trailer.

MAKES RICH PRODUCT

In the newly constructed plant the milk is pumped directly into a clarifier. From this point, the milk moves through stainless steel piping to the new modern "high temperature short-time" plate pasteurizer. In this system the milk is preheated, and piped through a high pressure homogenizer.

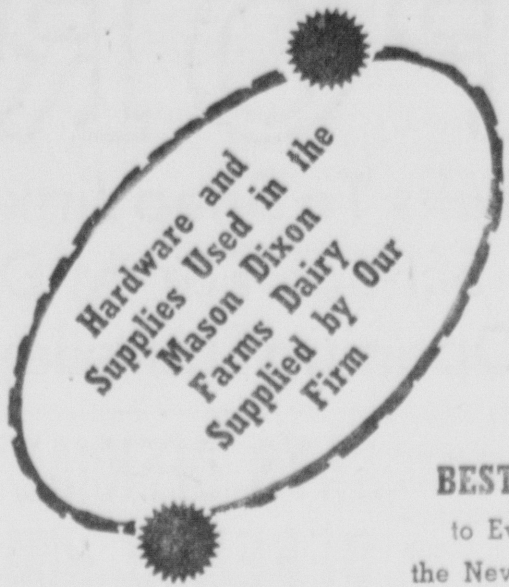

The homogenizer breaks up the fat globules and distributes them evenly through the milk, making each drop richer and creamier. The milk is then returned to the pasteurizer, where it is heated to 165 degrees F., and held for 16 seconds, thereby destroying all detrimental bacteria.

From this point the milk moves via stainless steel pumps and piping to the new stainless steel filler. A large washer automatically washes and completely sterilizes the glass containers and supplies them to the filler. Containers are filled and capped with the new leak-proof, airtight Dacro sanitary cap, which seals the product as well as protects and covers the pouring opening of the bottles, thereby guaranteeing the sterile condition until opened by the housewife.

Mason Dixon milk is never exposed to human hands, nor to the atmosphere, from "cow to container." In addition, the milk is placed on the housewife's doorstep, or the grocer's shelf, at least a day fresher than milk hauled into the area from outlying districts.

Constant tests and checks are made on products and equipment. The machinery used is the most modern and efficient obtainable, and self-imposed standards far exceed any state or federal regulation. This, together with the addition of vitamin "D" during the process, assures a superior quality, highly nutritious product.

In another area of the spacious, tiled processing room, dairy products are used in producing a high quality, flavorful ice cream. Here again, a new stainless steel free-

PETER, MARY TV SHOW IS TIME WASTER

By CYNTHIA LOWRY
AP Radio-TV Writer

NEW YORK (AP)—Peter Lind Hayes, a comedian by occupation and a philosopher by choice, believes audiences would enjoy television more if they went on viewing diets.

This is not likely to endear Hayes to the industry's executives or the sponsors. But Hayes feels that masses of viewers are suffering from a complaint he calls "too much pleasure."

"Americans are so sated and are given so much, that we have started taking all these things for granted," he said. "I remember one period during World War II when I was overseas for eight months and never saw a radio and never heard any music. One day a captain let me borrow a radio set—and you'd never believe the joy and wonder in me when I heard music—music!—coming out of that box. A little hunger is a wonderful thing."

WASTE OF TIME

Hayes and his wife and partner, Mary Healy, have emerged slightly scarred from an ill-fated comedy series last season called "Peter Loves Mary." They had gone into it with high hopes they could achieve an extra degree of financial security if they could make it last two or three seasons. "As it turned out," said Peter mournfully, "it was a complete waste of time."

Peter has gone back to night clubs and the theater, and Mary

temporarily retired to look after their two children—"but she's getting bored and I think she'll be back with me soon."

Peter will be bouncing back onto the home screens next Sunday in an NBC "musical documentary" (Hayes' phrase) called "Regards to George M. Cohan."

CBS SCHEDULE

CBS is still tinkering with its next season schedule. It has extended the Red Skelton show from 30 minutes to a full hour on Tuesday nights, which knocks "Dobie Gillis" into the Wednesday evening schedules. Originally it was thought "Checkmate" would drop into Saturday night's lineup, but now the new Jackie Gleason show is to be moved there. "Checkmate" may just be canceled.

ROME (AP)—Actress Elizabeth Taylor celebrated her 30th birthday quietly Tuesday, taking the day off from her work on the movie "Cleopatra."

A spokesman said the actress remained at her villa near Rome's old Appian Way. Her husband, singer Eddie Fisher, arranged a small, private dinner birthday party for her at the villa in the evening.

NEW DELHI, India (AP)—Special presidential adviser Chester Bowles flew to Kabul, capital of Afghanistan, Tuesday after a five-day visit to India.

Bowles, touring 10 Asian and African countries, is scheduled to visit Pakistan and Burma after Afghanistan.

He conferred with Prime Minister Nehru twice Monday but refused to disclose what they said.

MARTHA WEDS IN FIRST FILM IN 15 YEARS

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD (AP)—The scene looked natural: Martha Raye was getting married.

But there was a difference. She was marrying Jimmy Durante, and it was a scene in "Jumbo," her first movie in 15 years.

"I never married in most of my other pictures," she reflected. "But I made up for that on the outside."

Martha's husbands have numbered six: makeup artist Buddy Westmore, conductor Dave Rose, businessman Neal Lang, dancer Nick Condos (still her manager), dancer Edward Begley, ex-policeman Bob O'Shea. She reported her current status as separated from O'Shea, who is in the service.

STARTED IN CIRCUS

"I don't know what is going to happen," she admitted. "Marry again? I can't predict. I've never tried to plan or foresee the future. I just take life as it comes."

"I've always gone from one medium to another," she reflected. "I started out in the circus, when my folks had an acrobatic act. Then we went into vaudeville. When family acts were no longer popular, I did a single, starting when I was 16."

Martha moved from vaudeville to Broadway to night clubs, landing in films after she was discovered playing here at the old Trocadero. She scored in her first movie, "Rhythm on the Range," with Bing Crosby and Bob Burns

Three Pressmen Extinguish Blaze

PHILADELPHIA (AP)—Three pressmen were credited with putting out a fire that threatened the Parade Publications, Inc. plant following an explosion.

The blast, which tore through an air duct and ripped loose a 40-foot section of wall Monday, ignited a roll of paper being fed into a press.

The pressmen—Murray Farkus, 34, Philadelphia; Peter Yachaski, 53, Moorestown, N.J., and Stanley Baker, 39, Westmont, N.J.—put out the blaze with hand extinguishers. They were treated at a hospital for inhaling fumes, spread by carbon monoxide foam from an automatic sprinkler system.

in 1936.

HAS TV SHOW

She still does a television special yearly, plus four annual shots with Perry Como.

"Jumbo" puts her back where she started—in the circus. She plays Lulu, the girl who will do anything.

As performers leave the sinking circus (circa 1910), she assumes such duties as: fortune teller, snake charmer, fat lady, Statue of Liberty pose, dancer, strong woman, trapeze artist, unicyclists, bearded lady, clown, iron jaw girl.

"I also get shot out of a cannon and dance with a bear," she reported.

Cream a little butter with a dash of nutmeg; put a blob of the spiced mixture in the cavity of each drained canned peach half. Bake or broil until hot. Serve as a meat accompaniment or for dessert with whipped cream, a pudding sauce or vanilla ice cream.

OUST EDITOR OF PENN PAPER

PHILADELPHIA (AP)—Melvin Goldstein, 21, a University of Pennsylvania prelaw senior from New York City, has been stripped of the editorship of the student newspaper, the Daily Pennsylvanian, by a disciplinary committee which placed him on "conduct probation."

The action was taken Monday night and will be in effect for the rest of the spring semester. It was the latest development growing out of the suspension of publication of the newspaper last Saturday by university officials.

The decision came after a six-hour closed meeting of the committee, composed of six faculty members and three students.

WAS SUSPENDED

The 77-year-old paper was suspended last Saturday for what Dean of Men Robert Longley called "inaccuracy and breach of good taste." He referred specifically to an editorial in which the daily advocated abolishing student government and to an issue which parodied the Pennsylvania News, a women's weekly at Penn.

Under terms of the probation, Goldstein cannot participate in any extra-curricular activities—which rules out his working on the newspaper.

Longley and the committee issued a statement calling the parody "offensive." They said Goldstein's announced version of the suspension of the newspaper was "irresponsible in terms of verification of facts."

HE DISAGREES

Goldstein said he was convinced the committee acted in good faith, but that he "still must

respectfully disagree with their decision."

Meanwhile, Dr. Edward Janosik, associate professor of political science, was appointed to mediate the dispute between the newspaper's staff and the men's Student Government Committee, which recommended the suspension.

In another development, editors of the seven other Ivy League newspapers sent the following telegram to Penn President Dr. Gaylord P. Harnwell:

"We respectfully protest the suspension of the Daily Pennsylvanian and we urge you to reverse this action."

CAPE CANAVERAL, Fla. (AP)—An attempt to launch an orbiting solar observatory, scheduled for Tuesday, has been postponed because of troubles during a rocket test-firing in Maryland.

The National Aeronautics and Space Administration said Monday the launching of the 440-pound satellite, nicknamed OSO, will be delayed several days. OSO is designed to investigate sun-earth relations.

SURRENDERS IN SHOOTING

PITTSBURGH (AP)—A 20-year-old former mental patient has been charged with murder in the shooting of an elderly confectionery store owner in Pittsburgh. A companion, Robert Glick, was held as an accessory.

Police said Ronald Giron confessed to fatally shooting 70-year-old Luigi Cua after giving himself up at the Western Psychiatric Institute where he once was treated for a personality disorder.

Giron's doctor, Dr. Chester Berschling, found the youth kneeling at a reception desk, sobbing. Giron told him he had enrolled in a beauticians' school and needed \$100 for tuition. He gave Berschling a revolver and ammunition.

TWO BULLET WOUNDS

Giron told police he walked into Cua's store in the city's Squirrel Hill section with a 19-year-old companion. He waited until his companion and some other cus-

tomers left, then told Cua, "This is a ho'dup."

"Quit your kidding," Cua replied.

"I mean it," Giron said. They fought and one shot was fired, police said.

"Then we fought some more and a second shot went off. I don't know how," Giron told police. "I ran out of the store."

Cua was dead on arrival at Columbia Hospital with two bullet wounds.

Glick, Giron's companion, told police he was across the street from the store when he heard the shots. He was charged as an accessory before the fact of murder. Both Giron and Glick live in Squirrel Hill.

WASHINGTON (AP)—The nation's seven astronauts wear civilian clothes to underscore the civilian nature of the U.S. space program.

The appearance Monday of Lt. Col. John H. Glenn Jr. and five of his fellow astronauts in civilian clothes caused some comment among spectators viewing ceremonies honoring Glenn's three orbits around the earth.

EAST BERLIN — The Red Run area 4-H sewing club met recently in the Kralltown elementary school. Plans were discussed for the spring 4-H roundup.

Winner of a recent spelling bee held in the Bermudian Springs high school were David Myers, first; Dymtro Komesz, second; and Theresa Hopper, alternate champion. Myers and Komesz will participate in the semifinal to be held at Susquehanna High School on April 14. Hooper will attend the bee as an alternate. Max Emig, sixth grader in the East Berlin Elementary School, will represent his school in the spelling bee. His alternate in Jay

Wampler.

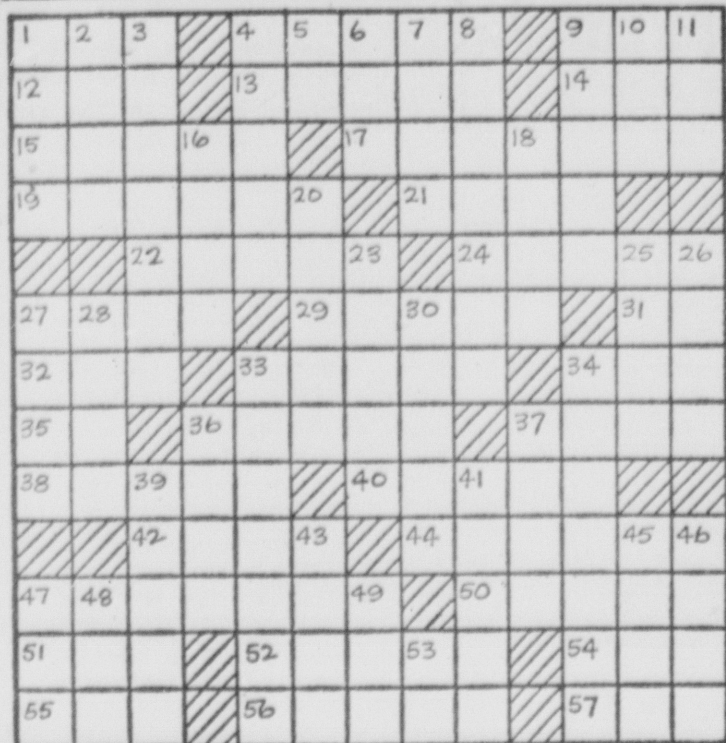

The Young Married Couples class of Trinity Lutheran Sunday School met recently at the home of Mr. and Mrs. Gordon Wolf, New Oxford, R. 1. Plans were made to sell Easter candy. Rev. Harold R. Stoudt, who was in charge of the games, awarded prizes to John Auckey, Mrs. William Lerew and Harry Gross. Twenty-five persons were present.

Local ambulance drivers and helpers were escorted on a tour Sunday through the new Memorial Osteopathic Hospital, East York, by Dr. Joseph Eshleman, local physician.

The Rev. Murray Lehman, York, was guest speaker Sunday morning at a temperance service in the Bermudian Church of the Brethren.

Medal Of Honor Is Sought For Glenn

WASHINGTON (AP)—Two proposals to give astronaut John H. Glenn Jr. the Medal of Honor have been introduced in Congress.

One bill, introduced Monday by Rep. Frank Chelf, D-Ky., would authorize presentation of the medals to all seven astronauts assigned to the Project Mercury man-in-space program.

Chelf's bill also would provide bonuses of two years salary for

each of the astronauts and of \$5,000 to "each scientist, physicist, mathematician, engineer and technician and other persons materially and actively engaged in" Project Mercury.

The other proposal by Sen. Olin D. Johnston, D-S.C., would authorize the Medal of Honor for Glenn alone.

CINCINNATI (AP) — When Yankee second baseman Bobby Richardson singled in the first inning of the second World Series game it marked the fourth straight series game in which he hit safely.

KANSAS CITY, Mo. (AP) — Southern Baptists have dedicated their newest seminary here, Midwestern Baptist Theological Seminary. Five campus buildings are complete. So far, \$2 million has been invested in the institution by the denomination.

Miss Joy Huntington, Falls Church, Va., Gettysburg College sophomore, was crowned Spectrum Queen for 1962 at the college by David Clement, the editor of the Spectrum, the college yearbook. Miss Donna Gilbert, Biglerville, was a member of her court of five attendants.

Another coed, Miss Yvonne Jacobs, was incorrectly identified in Monday's edition of The Gettysburg Times as the Spectrum queen. Her photo was supplied to The Times with that identification by the Lane Studio in a photo of drawing in the "Campaign Gettysburg" contest.

Craig Jacobs, president, and King Gore, social service chairman of the Phi Gamma Delta fraternity which helps each week in the "Campaign Gettysburg" drawing, explained they had been asked to get a "beauty queen type" coed for purposes of the picture. They never represented her as being the Spectrum queen, Jacobs insisted. Although Miss Jacobs has won some other beauty crowns on the campus, she is not this year's Spectrum queen.

LEGISLATURE
ENDS SHORTEST
SESSION TODAY

HARRISBURG (AP)—The legislature went into the final hours of its 1962 session today with only "Project 70" pending as the major business.

Both House and Senate agreed Tuesday to set today as the end of the session, marking the shortest regular session in the General Assembly's 186-year history.

The House has the "Project 70" legislation before it. The Senate passed it last week.

"Project 70" is a proposed amendment to the State Constitution that would permit a \$70 million bond issue to finance acquisition of land for parks, conservation and recreational purposes.

Both House and Senate also have to agree on a \$20 million appropriation for the Pennsylvania State University.

\$200,000 BOOST

After the House originally approved that amount, the Senate increased it by \$200,000. The House refused to accept that increase and Tuesday a joint House-Senate conference committee agreed to strike out the raise.

This was the 20th day of the 1962 session, limited—as are all sessions in even-numbered years — by the State Constitution to budget making.

The session began Jan. 2 in the days since, the legislature has approved 71 appropriations bills totaling over \$1 billion.

These included the governor's recommended 1962-63 budget of \$1 billion, \$7.2 million extra money for the current budget, which he also recommended.

MORE FOR BUDGET

The bills also included \$9.1 million extra money for the current budget, which he also recommended.

The bills also included \$9.1 million in additional state money for the public schools this spring, an amount which the governor did not recommend and which he is expected to veto sometime after the legislature adjourns.

The resolution setting the adjournment squeezed through the House on a vote of 108-92, with

NEW INDUSTRY
MAY COME TO
LITTLESTOWN

The prospects of a new small industry coming to Littlestown are very good, according to the report at a meeting of the directors of the Littlestown Chamber of Commerce Tuesday afternoon in the National Bank. Chamber President Marvin F. Breighner, who is also secretary of the Littlestown Industrial Development Corporation, announced that information concerning the new industry will be released as it is confirmed.

In conjunction with the 100th anniversary of the community in 1964, the following committee was appointed by the president: Arthur E. Bair, Luther D. Snyder, Mayor Earl L. Stites, Clyde W. Crouse, James U. Bowers, Dr. Howard A. Stonestree, Clarence L. Schwartz Sr., Richard E. Selby, Walter F. Crouse, J. Arthur Boyd, Nevaeh A. Crouse, Wilbur A. Bankert, Roger J. Keffer, borough secretary; Samuel H. Higginbotham, Karl P. Bankert, Roy D. Renner and Mrs. Paul E. Altoff. This group will serve as a subcommittee of the civic improvement committee and will meet in the near future to begin preliminary plans for the observance of the 100th anniversary of Littlestown.

PLAN SALE DAYS

Melvin Houston reported for the civic improvement committee and presented the agreement with Baschard Ford Company with regard to the public parking lot in the rear of the latter's property on E. King St. The president was authorized to sign this agreement. The committee also expressed a desire to have "No Parking" on Charles St. east of Zerling's Alley from S. Queen St. to the parking lot. This matter was discussed and the directors went on record as favoring the "No Parking." The civic improvement committee will visit the borough council to propose this recommendation to the council and its safety committee.

The Retail Merchants committee is making plans to have Retail Sale Days and further details will be announced in the near future.

The membership drive officially concluded with the meeting and the team headed by J. Arthur Boyd were victors, with 21 new members. This brings the total Chamber membership to 96, which is the highest in the history of the organization. The previous highest membership was 73.

The president reminded the members of the banquet to be held tonight at 6:30 p.m. in the Starlite Room of Duttrier's Restaurant with Ralph Peters, Harrisburg, as guest speaker.

The next regular meeting will be held March 27 at 2 p.m. eight Republicans supporting it and three Democrats—all from Cambria County—opposing it.

The Cambria County group included Speaker H. G. Andrews of Johnstown. The 85-year-old legislator consistently has opposed final adjournment in principle.

Andrews would prefer that the legislature recess indefinitely subject to recall by himself and the Senate president pro tempore should there be a need for additional legislative action during the year.

Upon final adjournment, the legislature literally ceases to exist as a branch of state government, except for a few permanent commissions.

Andrews pleaded with the House not to approve final adjournment, but House Majority Leader Stephen McCann—expressing the sentiment of the administration and most legislators—contended: "We have completed our constitutional duties."

The Senate adopted the resolution on a voice vote.

In the course of its 20-day existence, the legislature made only minor changes in the governor's budget requests.

Lawrence forecast — and lawmakers in general agreed—that the state's growing economy

Rain-Swollen Rivers Pour
Over Four States Driving
Hundreds From Their Homes

By THE ASSOCIATED PRESS

Damaging floodwaters from rain-swollen rivers and streams poured across broad lowland areas in Kentucky and three adjacent states today, driving hundreds of persons from their homes.

The late winter floods, in the wake of persistent, heavy rains, appeared to have caused the most damage and inconvenience in eastern and southeastern Kentucky.

There was much flooding and evacuation of families in West Virginia and Tennessee. In Ohio, several rivers were above flood stage but the situation did not appear critical immediately.

ISOLATE COMMUNITIES

At least two communities in Kentucky and one in West Virginia were isolated by the rampaging floodwaters. Scores of roads were blocked, including 50 in Kentucky. Some main highways in both Kentucky and West Virginia were impassable because of overflows and mudslides.

Many schools were closed in the water-soaked areas of Kentucky and West Virginia. One death was reported in West Virginia.

Thousands of acres of farmland in the flood-stricken region were inundated.

No immediate estimate of the over-all damage was made but it appeared likely property losses might run into the millions of dollars.

MORE RAIN FORECAST

Although rains diminished during the night in parts of the soggy areas of western Tennessee and Kentucky, the Weather Bureau forecast rain or rain mixed with snow in most of the eastern half of the nation, including much of the region menaced by the overflows.

However, the Weather Bureau said, colder and drier air headed into western Tennessee and Kentucky and should diminish the rainfall considerably during the day.

The cold air spread from the North Central region which was in the grip of a severe cold snap. It was 36 below zero in Huron, S.D., the lowest reading since February 1965. The subzero cold, with marks around 30 below

clung to areas in North Dakota, Minnesota and Montana.

CALL OUT GUARD

In Kentucky, the major flood belt appeared to extend from Ashland to Corbin, which is about 120 miles southeast of Louisville. National guard troops were sent to Corbin, Jackson and Ravenna. In Salyersville, some 300 persons were evacuated from their homes. The town of 1,173 was isolated, as was Inez, a little community near the West Virginia border.

In southern West Virginia, hundreds of families were evacuated in three counties, including some 2,000 in the Logan area. About 190 families were forced from their homes in the Wayne area, which was isolated after a bridge was washed out. State police reported, evacuation of some families in lowland areas near Williamsport.

200 VOLUNTEERS SERVE

The Cumberland River in Nashville was at about 45 feet, five feet above flood stage. Some 200 volunteers were on duty. Many homes were evacuated but no emergency quarters were required.

Army engineers from Ft. Campbell, Ky., assembled a tactical pontoon raft at Cheatham County, Tenn., Tuesday night as they prepared to rescue \$25,000 worth of marooned livestock.

Many secondary roads were closed in southern Ohio counties along the Ohio River and its tributaries, the Scioto, Hocking, Great Miami and Little Miami rivers.

DIRECTING A WHOLE SHOW

NEW YORK (AP) — Lehmann Engel, one of Broadway's best-known orchestra conductors, is undertaking his first directing assignment in the prospective musical "Siegel Street."

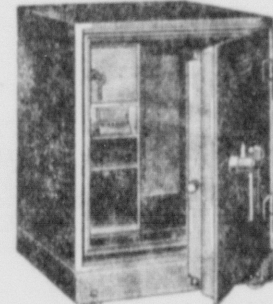

Earl Robinson is composer of the score and Lewis Allen is author of the book and lyrics.

CENTRALIZED LUNCHES FOR SCHOOLS ARE CATCHING ON

By DAVE LEHERR
HARRISBURG (AP) — It's still a matter of time, but already state education officials can foresee a growing interest in the idea of centralized food facilities for providing school lunches.

"The program is definitely catching on in many areas of the state, but we need more time to evaluate its merits," Miss Anne Eifler, a nutrition expert with the Department of Public Instruction, said today.

Miss Eifler described the idea of centralized food facilities in school districts as "an infant in Pennsylvania with many good and not-so-good points."

"It's in the experimental stages," she explained. "School districts are showing lots of interest, but only about 200 schools are taking part in the program."

CENTRAL KITCHEN
The first centralized food system was set up in Pennsylvania about eight years ago in Manheim Twp., Lancaster County, under the federal government's national school lunch program.

Instead of individual cafeteria service at each school in the state, the program promotes the idea of a central kitchen at one school to cook and supply school lunches for other schools in the district.

The federal government foots about 14 per cent of the cost of the food, while the pupils pay the balance.

The schools taking part in centralized food facility plans pay for the kitchens, trucks and other equipment needed to prepare and haul the food.

A Lovelier You

By MARY SUE MILLER
HAIR TO TREASURE. Normal hair—thick, glossy, manageable—seems to become more and

more of a rarity. Why so many heads all is open to question. Some experts blame too much curling and coloring, and not enough care. Others think that the tensions and pressures of modern living are contributory factors.

At the end of each year, these participants can apply for the federal reimbursement through the Department of Public Instruction.

Schools also must seek the approval of the DPI before they can enter into such a program.

QUALITY FOODS
The aim of the centralized systems is to provide quality foods at low prices to pupils in the state's elementary and secondary schools.

But the idea has its drawbacks. Sanitation is the biggest problem.

"Although we've never run across any food poisoning or anything like that, hauling food in containers and trucks worries me," Miss Eifler stated. "There's always that chance of impurities or germs getting into the food."

Another problem is labor costs. "Schools operating their own kitchens don't have to worry about keeping and maintaining trucks and other labor costs pertinent to centralized food systems," Miss Eifler noted.

In any case, normal hair is surely a treasure. And it must be jealously guarded, or its beauty will begin to fade all to premature. Care methods are in no way complicated. Yet, if they are faithfully practiced, the result is continuing or at least prolonged loveliness.

The basic steps to take revolve around cleanliness and stimulation—the cleansing of a weekly shampoo and the stimulus of a daily brushing. A mild shampoo is the type to use. In a brush what's wanted are stiff, even bristles.

Once the basics are attended to, these measures serve further to keep tresses at peak performance:

- After shampoo, avoid rubbing the head with a towel. Toweling leads to snarls and breakage. Simply turban the hair with a towel, press out drips and then brush until the hair is dry enough to set.
- Between shampoos, give the scalp a firm but gentle massage.
- When you expect to have a few hours of privacy, change your hair-do. Swish your hair to one side or arrange a center part or brush it up all around. This "rests" the worn surfaces.
- At all times, beware of over-exposure to wind and sun. Too much of either causes dryness and discoloration.

RULE YOUR WAVES?

What's your hair problem? You will find a way to overcome it in my 16-page booklet, **RULE YOUR WAVES.** Advice includes: Beauty treatments for oily, dry and normal hair; ways to manage unruly locks; how to add color and highlights; tips on cutting, permanents and styling; grooming tricks. Write me: A Lovelier You, Box 158, The Gettysburg Times, Dundee, Ill., for your copy, enclosing a large, self-addressed, stamped envelope and 20c in coin.

Kennedy Sends New Health Insurance Bill To Congress

By STERLING F. GREEN
WASHINGTON (AP)—President Kennedy Tuesday sent Congress a new and urgent plea for health insurance for the aged, "self-financed" by a \$1 billion boost in Social Security taxes.

In a special health message urging lawmakers to bring the miracles of modern medicine within reach of all Americans, Kennedy also proposed:

1. A three-year, nationwide immunization drive to stamp out polio, diphtheria, whooping cough and tetanus, with Uncle Sam footing the whole bill for vaccine for every child under 5.

FEDERAL BILLS

2. Federal loans to help build and equip centers for group practice by doctors and dentists, to stretch the supply of medical skills and improve the quality of care—especially in small towns.

3. New and expanded federal outlays totaling \$182 million for mental health, control of pollution, medical research and other programs.

Two new White House bills were due to reach Congress right after the message—the mass-vaccination plan and a broadened governmental attack on air and water pollution and radiation hazards.

"We can now save one out of every three victims of cancer," Kennedy told lawmakers who are just now grappling with some of his earlier health proposals.

"... full prevention of many forms of heart disease seems increasingly within our reach," he added.

MENTAL CASES

"The discovery and widespread use of tranquilizing drugs in the past six years has resulted in an unprecedented reduction of 32,000 patients in the census of our state mental hospitals."

"But far more needs to be done."

The \$182 million hike in appropriation requests includes \$35 million for the immunization drive, but not the costs of another program close to Kennedy's heart—an attack on mental retardation in children.

His panel on mental retardation will make its reports by the end of the year, Kennedy said. With it

in hand he will offer a program to discover, treat and prevent the many and obscure causes of this affliction of five million Americans.

Specific proposals to further the "group practice" plan will come later this session. Smaller communities will get priority in the loans to encourage general practitioners and specialists to pool their skills and facilities. Nonprofit and cooperative groups also will get preference, but private profit-making ventures will also qualify.

Both children and adults would benefit from the mass vaccination plan, if state and local programs are launched which qualify for federal aid.

NOMINEES FOR AWARDS MADE

HOLLYWOOD (AP)—Top contenders in the annual Academy Award sweepstakes are "West Side Story" and "Judgment at Nuremberg."

Each was nominated Monday in 11 categories. A close third was "The Hustler" with nine nominations.

Two veteran performers, Spencer Tracy of "Judgment at Nuremberg" and Charles Boyer of "Fanny," were nominated for the best-actor award. Other nominees are Paul Newman of "The Hustler," Maximilian Schell of "Judgment at Nuremberg" and Stuart Whitman, "The Mark."

TOP LADIES

Named top leading ladies were Audrey Hepburn, "Breakfast at Tiffany's"; Piper Laurie, "The Hustler"; Sophia Loren, "Two Women"; Geraldine Page, "Summer and Smoke," and Natalie Wood, "Splendor in the Grass."

Nominated for best picture were "West Side Story," "Judgment at Nuremberg," "The Hustler," "Fanny" and "Guns of Navarone."

Nominations were made by 2,500 members of the Academy of Motion Picture Arts and Sciences, who will select final winners March 31.

The 34th annual awards will be presented April 9.

Irish Republican Army Abandons Terrorist War

By COLIN FROST
DUBLIN, Ireland (AP)—Both sides of the Irish border welcomed Tuesday the underground Irish Republican Army's announcement that it had abandoned its terrorist war to unite the island. But Northern Ireland's government, target of the outlawed IRA's attacks, said it will keep its guard up.

The IRA declared its peace in copies of a statement slipped on to front counters of Dublin newspaper offices Monday night.

The 1,000-word statement said the IRA members had called a halt to five years of bombing and shooting attacks and had thrown away their arms.

"GOOD NEWS"

The IRA admitted it had received little support from the Irish people and blamed public apathy on government muzzling of the press. It said the IRA would embark on a campaign to keep Ireland out of involvement in European alliances which it said might lead the country into war.

and Mrs. Charles Chubb.

The Willing Workers' Church School Class of St. John's Lutheran Church will sponsor a hymn sing Sunday evening at 7:30 o'clock.

At the Luther League meeting at 6:30 Rev. L. J. Karschner, pastor, will discuss the meaning of Lent.

Mrs. Richard Hoke and Mrs. Edith Wildasin, members of the Altar Guild, will serve during March.

A service of Holy Communion will be held Ash Wednesday, March 7, at 7:30 p.m.

Charles Haughey, minister of justice of the Irish republic, called the IRA decision good news and said the underground's terrorism "was a policy which Irish public opinion had decisively rejected."

In Northern Ireland, which gives its allegiance to the British crown, Minister for Home Affairs Brian Faulkner said the IRA statement "is of course welcome." The tragedy is that these misguided people who have carried on a futile campaign for five years have taken so long to realize its hopelessness.

He added, "Until it is seen that the campaign is in fact ended, our own people can be assured that security precautions will be maintained."

SIX COUNTIES ALOOP

The IRA is an underground descendant of the Irish revolutionary forces which won independence from Britain for the southern 26 counties between 1916 and 1922. The northern six counties remain part of the United Kingdom.

Since the IRA renewed its terrorism five years ago, scores have been killed in skirmishes on the northern border, bombings and ambushes. Security measures for an all-Ireland population of four million are estimated to have cost \$4.2 million a year.

The republican government has kept 800 police in full-time operation against the IRA. Northern Ireland maintains strong border garrisons reinforced by troops from England.

Last fall's elections routed the IRA's political arm, the Sinn Fein party. Prime Minister Sean Lemass, who believes Irish unity

De Gaulle Greets Robert Kennedy

PARIS (AP)—U. S. Atty. Gen. Robert F. Kennedy met with French President Charles de Gaulle Tuesday. Their talk ran 15 minutes longer than scheduled.

Kennedy described his 45-minute meeting with De Gaulle as

can best be achieved through European unity, embarked on a determined campaign to crush the IRA.

"very, very friendly." He also paid brief visits to Foreign Minister Maurice Couve de Murville and Justice Minister Bernard Chenot.

Kennedy will leave for Washington Wednesday, winding up a 25-day, world tour that has included stops at Tokyo, Hong Kong, Taipei, Jakarta, Berlin and The Hague.
